

a. OCCT5002 Occupational Disruption - books (Semester 1)

View Online

Occupational Disruption reading list.

Module description: The module starts with the exploration of concepts of occupational disruption, transition and adaptation and approaching the end of life.

Students will develop their knowledge and understanding of a range of conditions and life events through:

- deepening their understanding of complex conditions previously explored in Human Performance and Function module
- examining explanatory theories of the subjective experience of occupational disruption
- application of core occupational therapy concepts from Foundations of Occupational Therapy practice to analyse potential impacts on occupational performance and engagement.
